& OTHERS

Update: 28th June 2021

Dear colleagues,

The Bolton Covid-19 vaccination programme is forging ahead in its mission to vaccinate everyone over the age of 18 ahead of the proposed easing of restrictions on July 19.

As well as the borough's regular clinics that can be booked by appointment, there is a number of pop-up services aimed at making it easier for people to get their first and second doses while out and about.

We are adding new walk-in venues for people in Bolton all the time; however, people are encouraged to use the walk-in facilities only if they haven't already got an appointment booked elsewhere.

Remember, you need two doses of the vaccination for the best protection. If it's been eight weeks or more since your first dose, you can call NHS Bolton CCG for help to arrange your second on 01204 462125/62157/462030/462028. The phone lines are open Monday to Friday, 8.30am to 5.30pm.

Translated Covid-19 advice

Public Health England Guidance on [how to stop the spread of Covid-19](#) has been translated into 21 languages. The documents include accessible formats.

Myth-busting leaflets

There are lots of myths about self-isolating – when you have to do it, how long for and what you can and cannot do. These NHS leaflets in different languages set out the facts:

- [Arabic](#)
- [Bengali](#)
- [Chinese \(simplified\)](#)
- [Gujarati](#)
- [Hindi](#)
- [Indian-Punjabi](#)
- [Pakistani-Punjabi](#)
- [Polish](#)
- [Romanian](#)
- [Slovak](#)
- [Somali](#)
- [Urdu](#)

Please also see this useful [Bolton guide to self-isolating](#).

Vaccination status

Find out more about the [NHS COVID Pass](#) which lets you share your coronavirus vaccination results in a secure way. You can show your NHS COVID Pass as proof of your Covid-19 status when travelling abroad.

You can access the pass through the NHS app or request a letter.

- Read [translated versions about what the NHS COVID Pass letter tells you](#).
- Read an [easy-read guide about what the NHS COVID Pass letter tells you](#).
- You can get a [Braille or large print version of the NHS COVID Pass letter via the NHS website](#) or by calling 119.

Pregnancy advice

With the Covid vaccine now available to younger age groups, what should you do if you're expecting a baby, breastfeeding or trying to have a baby?

These BBC Asian Network [videos in five languages](#) help the South Asian community to understand what the science says:

- [Gujarati](#)
- [Punjabi](#)
- [Sylheti](#)
- [Tamil](#)
- [Urdu](#)

More BBC videos

BBC Asian Network has also produced videos in the same five South Asian languages covering [how to do a lateral flow test](#), [Test and Trace](#), [Covid-19 vaccine explainer](#), [vaccine Q&A](#) and [vaccine myths busting](#).

Keep safe

Check out [KeepSafe](#) which provides a wide range of content as [images and audio](#) for people with learning disabilities covering [symptoms](#), [vaccines](#), [lateral flow testing](#), [accessing health services](#) during the pandemic, and [coronavirus in general](#).

Bogus police calls

Fraudsters claiming to be phoning from a Greater Manchester Police station are making bogus calls demanding that people transfer money into a bank account.

They are able to use a genuine GMP police station telephone number – a scam called spoofing. Spoofing is when a different number shows up on your caller ID rather than the number someone is really calling from.

Never rely on your caller ID to confirm someone's identity and never give out your personal details or bank information to anyone you do not know or trust.

If you suspect a scam contact Action Fraud at www.actionfraud.police.uk or call 0300 123 2040.

How scam savvy are you? Take the [Take Five scam test](#).

If you no longer wish to receive this email then please email bolccg.communications@nhs.net and we will remove you from our distribution list.

We will endeavour to keep you updated but as the situation is changing rapidly, you should check the national coronavirus guidance regularly.

The information in this is update correct at the time of issue. It is gathered from a number of sources including Bolton Council, CVS and Healthwatch.
